DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, 6-9, 12-15, 18, and 19 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Gardner et al (5,806,225).

See especially column 7, lines 6-40 and Figure 6. Note element 120 corresponds to the claimed housing, element 160 to the pivot arm frame, element 172 to the pivot arm pivot point, element 134 to the sear, element 170 to the sear pivot point, and element 154 to the spring mechanism.

3. Claims 4, 5, 10, 11, 16, 17, and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
